The following is an examiner's statement of reasons for allowance: the rejection on formal grounds has been reconsidered. It is felt that the method forming the device has not been used to imply any structural limitations other than that the unit is of single piece construction. The claims are thus clear.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Douglas D. Watts whose telephone number is (571) 272-4515. The examiner can normally be reached on Mon.-Thurs..
